

Sportshall Athletics final 6/12/16

On Tuesday 6th December, we took a group of children to the Sportshall Athletics final at Shildon Leisure Centre. We made the final after finishing 2nd in the qualifier. Reaching the final was a massive achievement. The School Games value for this event was inspiration. There were 6 track and 6 field events at the competition. Every child that went took part in at least 1 track and 1 field event. Everyone was trying their best to try and earn more points for our overall team score.

With it being a final, the competition was really tough, but all of the races were really close. Everyone tried their best and were so determined to do well. Our overall team score was 597 points, which meant we finished in 5th place. We were only 2 points behind 4th place and 10 points behind 3rd. 2 points is the equivalent of 1 placing, so finishing 2nd instead of 3rd. Finishing fifth in the whole of the Sedgefield area is amazing and everyone that took part should be so proud of themselves.
